**Turning potential into reality: making
dreams more than just an idea.**

Tax and Administrative Assistance

We support your business throughout every stage of its journey, offering proactive and tailored tax management.

From assistance with tax return preparation to strategic tax planning, we help you identify and leverage every opportunity, ensuring an effective and sustainable growth path.

We handle all administrative procedures, from Chamber of Commerce registrations to contract filings, ensuring full compliance with current regulations and relieving you from administrative burdens.

Corporate Services

We provide solutions to support businesses—mainly small and medium sized enterprises—in achieving their strategic goals, improving operational performance, and tackling complex challenges (problem diagnosis, strategy definition and change implementation).

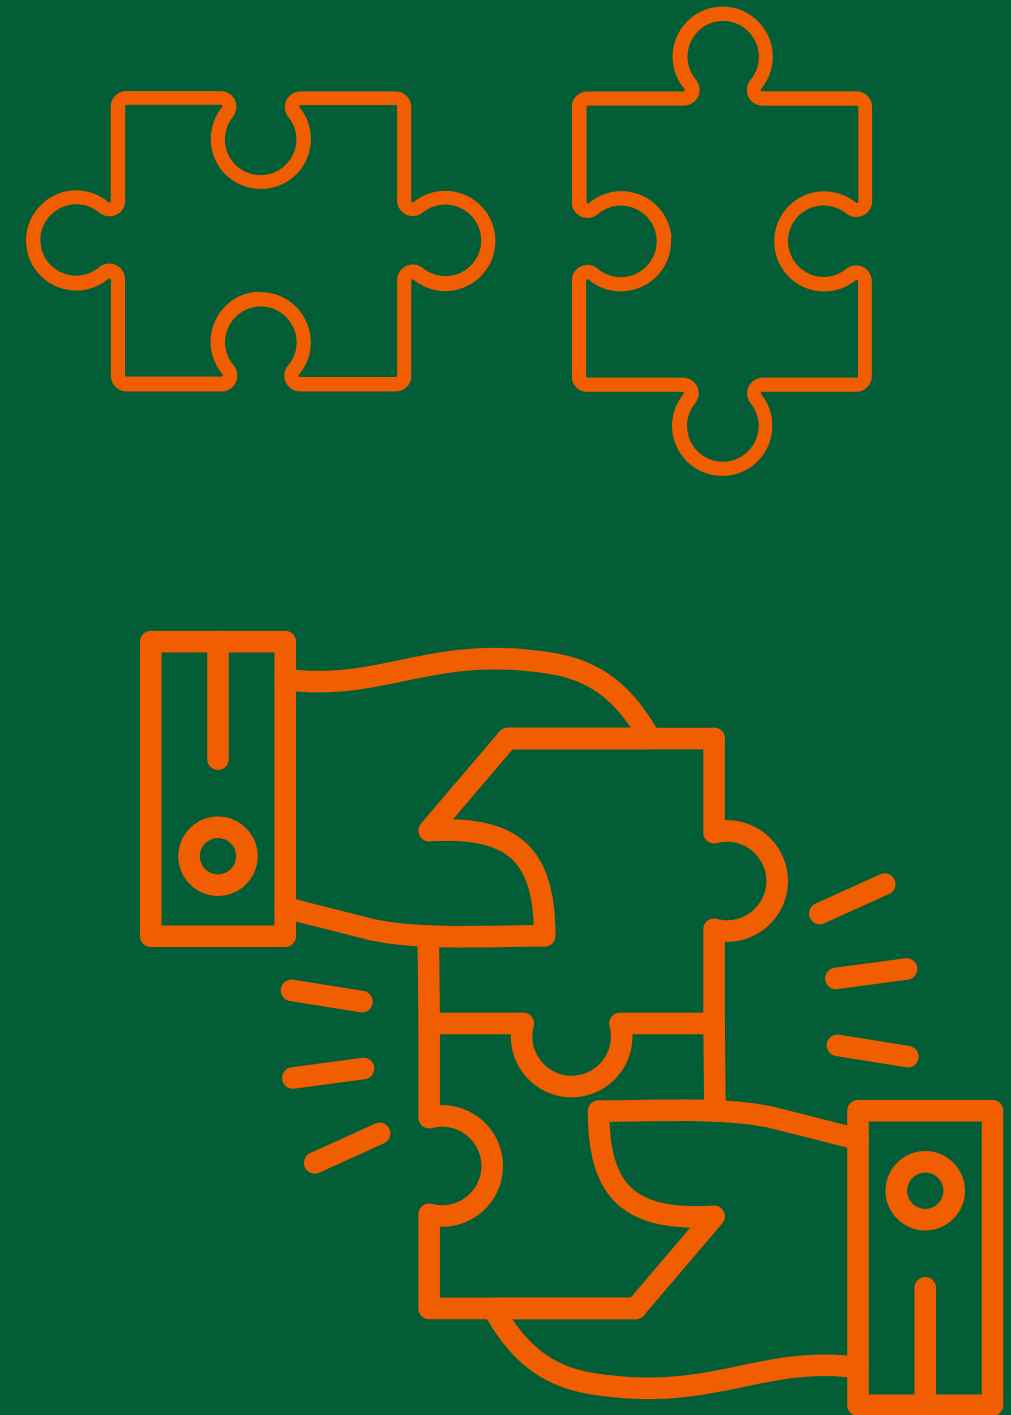

We ensure maximum transparency in operations by providing assessments in line with international standards, supporting you through business transactions.

We are committed to resolving all types of corporate conflicts, fostering a smooth and effective business environment.

M&A

We accelerate your growth through M&A transactions. We offer comprehensive support at every stage of the acquisition process, from due diligence to the development of post-acquisition strategy.

Real Estate Consulting

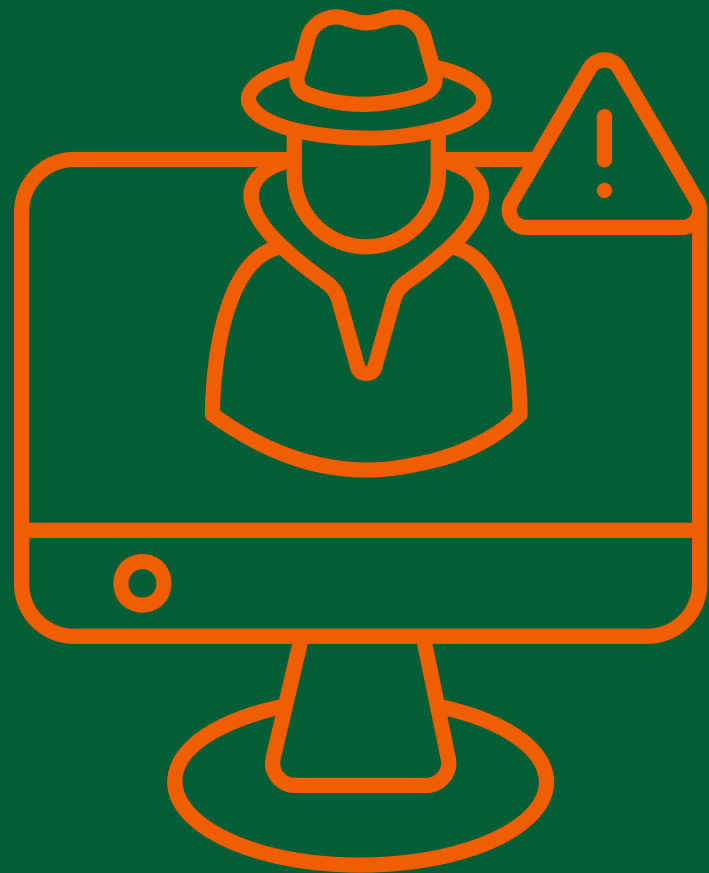

We help you identify the best investment opportunities and optimize the management of your assets.

From the investment phase to disposal, we focus on maximizing the value of your real estate portfolio.

Insurance and Banking Anti-Fraud Services

Our experience in the insurance and banking sectors (including fiduciary and expert witness activities) enables us to provide insurance companies and financial institutions with dedicated services for the prevention and management of insurance and banking fraud.

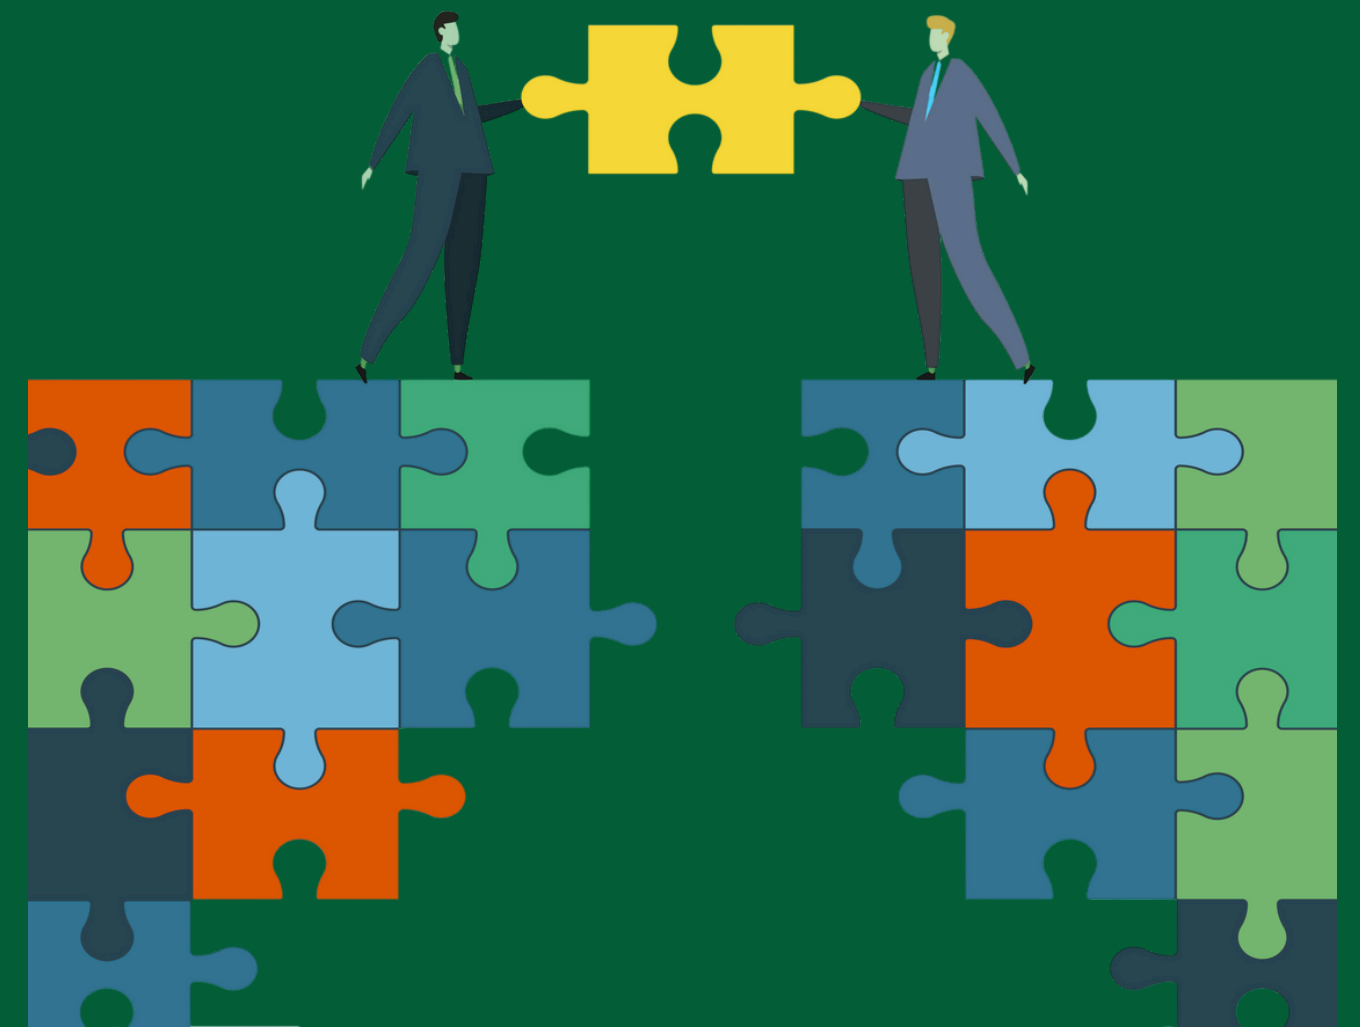

We Turn Startups into Market Leaders

Our multidisciplinary team of experts provides you with the skills and resources needed to turn your idea into a successful business.

From the initial concept to global scalability, we support you with expertise and dedication at every stage of your company's development.

We turn startups into market leaders.

"From crisis management I have learned that restructuring is not the ultimate goal, but the means to drive a successful turnaround."

We transform crises into opportunities by implementing tailored restructuring plans. We provide comprehensive support, from operational management to restructuring proceedings, helping your company return to success.

We Believe Internationalization is an Opportunity to Seize

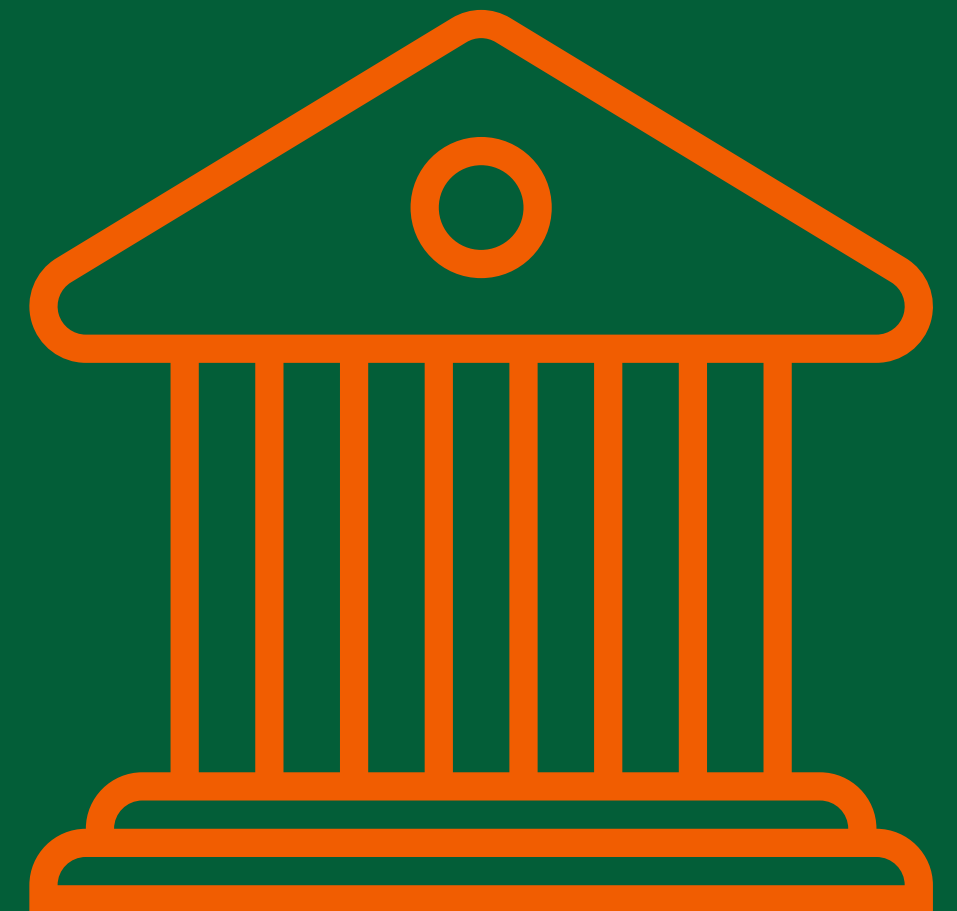

We support Italian companies in their internationalization process with a particular focus on Anglo-Saxon markets (UK, Ireland, and USA) and Germany. Our consulting services, which also cover tax and legal areas, span all stages of the expansion plan into foreign markets.

We create a true "business match" between Anglo-Saxon, German and Italian companies supported by partnerships with leading law firms in the UK, USA, Ireland, and Germany.

Special Situations

With our extensive experience we offer qualified technical opinions, taking on the roles of CTU (Court-Appointed Technical Expert - Milan Court) and CTP (Party-Appointed Technical Expert).

Medardo Rosso

Our unique ecosystem powered by a multidisciplinary team of experts and our innovative hub in Milan is much more than just a coworking space: it is the perfect catalyst to accelerate the growth of high-potential companies.

**Our goal is not to simply provide a service,
but to turn your business into a winning
project, supporting it with care and helping
it reach its fullest potential.**
